用在哪里？

Where can them to be used?

Our products, with their novel shapes, realistic textures, and strong 3D relief, are widely used in **cabinet doors, wardrobe doors, wooden doors, and furniture manufacturing, such as coffee tables, TV cabinets, bedside tables, dressing tables, chests of drawers, and shoe cabinets.**

They are also used in decorative applications such as wall panels, background walls, ceilings, and partitions.

They can also be used to decorate various shapes, such as columns and spiral staircases.

Due to their practical and decorative qualities, they have been adopted in a variety of applications, including residences, hotels, guesthouses, and shopping malls.
